

## OCALA PARAGRAPHS.

Mr. and Mrs. D. A. Clark and baby, of Martel, were visitors to Ocala yesterday.

Miss Edith Platt expects to leave next week for Chattanooga, Tenn., to spend some time with her mother.

Rev. and Mrs. Sistrunk, of Anthony, have been in Ocala for the past few days enjoying the Bible readings of Miss Tucker.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. For sale by Post Office Drug Store.

Mr. Alf Ayer, Marion's popular tax assessor, who recently purchased the house in the first ward occupied by Mr. J. T. Lancaster and family moved into the same Tuesday.

Thomas Savage, a colored cantaloupe grower of Kendrick, was exhibiting ripe cantaloupes here Tuesday and will ship his first five crates today.

The first Seaboard excursion of the season leaves next Monday for West Florida points. It is an annual event and is always patronized by large crowds from this section of the state.

Col. John M. Martin, of this city, was a member of the Confederate congress and is yet not an old man. He is enjoying robust health and bids fair to live many years yet, and is a splendid type of the "gentleman of the old school."

Mr. Wm. H. Gist, of McIntosh, was in Ocala Tuesday and gives a very roseate color of Florida. Mr. Gist is one of the lecturers of the Florida Institute under the supervision of the Florida Agricultural College, and visits nearly all sections of the state.

Mr. Wellington L. Hudnall, a merchant and druggist of Bushnell, was up before Commissioner Williams Tuesday charged with violating that same old section of the U. S. revised statutes—3242. The commissioner thought the evidence sufficient to hold Mr. Hudnall in a sum of \$150.

Mrs. L. J. Ennis who came to Ocala about a month ago, has purchased the old Alfred hotel, is making a number of improvements on same and expects soon to open it up as a regular hotel, and will run it in an up-to-date manner. Mrs. Ennis is a thorough business woman and sees great possibilities in store for Ocala.

Miss Elizabeth Fleming, of Jacksonville, has been appointed sponsor for the state of Florida at the reunion at New Orleans on the 19th of this month. Miss Fleming is the daughter of ex Governor Fleming and is a very attractive young woman and will represent her state most charmingly.

Mr. W. M. Dale left Saturday for Gainesville to assume his duties with the firm of H. F. Dutton & Company. Mr. Dale has resided in Ocala for a number of years and we part with him most reluctantly. Mr. Dale will be greatly missed in both business and social circles and will be particularly missed in musical circles, where his sweet voice has so often given pleasure.

Mr. and Mrs. W. E. Nelson, after a week's honeymoon visit to this county, returned to their home in Atlanta yesterday over the Seaboard Air Line. Mrs. Nelson says that nothing could be more delightful than Florida in spring. She was particularly charmed with the beauties of Silver Spring and the pushing activity in Ocala.

Monday night the teachers of the Ocala High School enjoyed a delightful picnic to Silver Spring. They went out late in the afternoon and drove home about 11 o'clock. A row on the springs was one of the enjoyments of the evening. The picnic was given in honor of Prof. Varu, the principal of the school, who much to the regret of all, will not teach next year.

Mr. H. H. Whitworth, who it will be remembered purchased the Moore place south of town, has recently returned from Tennessee bringing with him a very fine eighteen months old bull weighing 1800 pounds, several fine Jersey cows and the finest horse perhaps that has ever been in Marion county. It is Mr. Whitworth's purpose to own the finest stock farm in this section of Florida.

Mr. C. E. Abson, who has been spending the past five months at Hot Springs, Arizona, for the benefit of his health, returned home yesterday afternoon over the Seaboard Air Line. Mr. Abson's health is greatly benefited to the delight of his many friends.

The faculty and graduating classes of the East Florida Seminary at Gainesville, have issued invitations to their commencement exercises May 21 to 27 inclusive. The invitations are unusually prettily gotten up and the exercises will, in all probability, be very largely attended and will be most enjoyable ones.

## JOBBER FOR COCA-COLA GUM

Mrs. Cullen's Card Party.

In contrast to the cloudy and rainy weather out of doors Tuesday afternoon everything within the pretty home of Mrs. Charles S. Cullen was bright and cheerful and comfortably filled with guests who spent the afternoon very pleasantly playing progressive whist.

This delightful party was given for Mrs. Cullen's sister-in-law, Miss Hannah Cullen, of Nottingham, England, who has spent the winter in Ocala. Miss Cullen has made many friends here and it is much regretted that she will soon return to her home in England.

Mrs. Cullen was assisted by her sister, Miss Pasteur, Mrs. Harold, Miss Sewalmeier, Miss Tillie Pasteur and the honoree. In the hall delicious fruit punch was served and at the conclusion of the games lemon ice and cake were enjoyed.

A pretty idea at the party was shown in the score cards, which were painted in the English flag—the "Union Jack"—and they were tied with red, white and blue ribbon. Miss Tillie Pasteur acted as scorer.

The prize, a cut glass bon bon bowl, was captured by Mrs. Mary Eagleton while the "booby," a large wooden spoon with the inscription, "You can beat this," fell to the lot of Miss Hattie Dye.

Mrs. Cullen is a very charming hostess and her party was a thoroughly enjoyable one. The following were her guests:

Misses Hannah Cullen, Miriam Pasteur, Schwalmeyer, Edith Platt, Margaret Eagleton, Minnie and Louise Gamsby, Hattie Dye, Esther Weathers, Lena and Marie Bullock, Sue Barco, Emily Ford, Mary Reardon, Sara and Violet Harris, Mesdames Edward Holder, Bessie McConnell, Pearl Mason, F. T. Schrieber, F. A. Teague, H. H. Harold, Mary Eagleton, D. S. Woodrow, L. R. Chazal and J. C. B. Koonce.

## For Those Who Live on Farms.

Dr. Bergin, Pana, Ills., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1.00 at Anti-Monopoly Drug Store.

**Death of Mrs. W. L. Jewett.**  
Peacefully and without note or warning the above named most estimable woman passed as she had lived—quietly—from earth to heaven.

The summons came Friday at the hour of nine o'clock.

Her death comes as a shock to our community but the recollection of her life falls upon it as a sweet benediction.

The funeral services were held Saturday afternoon from the residence on Fort King avenue. The funeral was largely attended and many beautiful floral offerings sent by sorrowing friends adorned the casket. Rev. Henry W. Little, rector of Grace Episcopal church, conducted the services and a choir consisting of Misses Minnie and Louise Gamsby, Messrs. C. S. Cullen and D. S. Woodrow led the singing.

The body was laid to rest in Greenwood cemetery.

Mrs. Jewett before her marriage was Miss Anna R. Sanford, of Wilmington, N. C. She came to Ocala with her husband and children about eighteen years ago. She was a lovely Christian character and will be sorely missed by all who knew her and especially will she be missed by her church in which she was always deeply interested.

Besides many relatives and a host of friends Mrs. Jewett leaves to mourn her death a husband and three children, Stephen Jewett and Miss Meta Jewett, of this city, and Sanford Jewett, who is at present living in Gainesville.

This paper extends its deepest sympathy to the bereaved family.

## World Wide Reputation.

White's Cream Vermifuge has achieved a wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Anti-Monopoly Drug Store.

## More Millions for Albertus

Albertus Vogt, the original discoverer of phosphate rock in Florida, has again made a discovery of phosphate which will astonish those interested in the industry. These great deposits were found in Pasco county, on the railroad which is building from Brooksville to Hudson, on the Gulf coast. Mr. Vogt found that this deposit of phosphate rock extended for about fifteen miles long, and five miles wide, and that the supply was practically inexhaustible. He is certain that this is the greatest deposit of high-grade phosphate rock in the world.

## Rollins College.

If there is one college more than another that Florida feels proud of it is Rollins College at Winter Park.

It is now entering upon its 18th year and during the entire life of the college not a breath of scandal has been connected with it.

Rev. William Freeman Blackman, a professor in Yale and an author of eminence, has recently been elected president of Rollins and it enters upon the ensuing term with greater anticipations of usefulness than ever before.

Write to the president for full information.

## A Want Supplied.

We have received two letters within the past week, one from Massachusetts and one from Palmetto, Fla., the writers of both wishing to make purchases in Ocala and say that they have scanned the columns of the Ocala Banner very carefully but failed to find the name of a single real estate dealer.

This want is now supplied and we take great pleasure in referring our readers to the real estate card of Mr. F. W. Ditto. He has all sorts of property for sale.

**Election for School Trustees.**  
Tuesday, an election was held for a board of trustees for the Ocala sub-school district. The election was a very quiet one. Only a little over sixty votes were polled.

R. A. Burford, 50 votes; J. M. Barco, 46 votes; B. A. Weathers, 33 votes; C. L. Bittenger, 29 votes; J. E. Chace, 15 votes.

The first three named above will compose the board for the ensuing year.

A majority of the votes cast was for a levy of three mills for school purposes.

Messrs. Isaac Stevens, E. W. Kraybill and A. O. Farris acted as the board of managers in conducting the election.

## A Romantic Fairy Tale.

A declaration containing 1,400 pages, the most voluminous document ever presented in the United States circuit court for this district, was filed Monday in the U. S. court clerk's office at Jacksonville. The paper is the declaration in the suit of Dr. John F. Forbes, president of Stetson University, and Mrs. Lena B. Mathis, a teacher, as plaintiffs, against John B. Stetson, the millionaire hat manufacturer of Philadelphia, and Elizabeth Stetson, his wife, in an action to obtain \$1,000,000 damages for alleged slander and libel.

## BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food. Blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.
